Wetrok Duomatic C60

Wetrok Duomatic C60: quality to prick up one's ears for!

The Wetrok Duomatic C60 is the latest addition to the range of the successful Wetrok Duomatic C-series. Latest technology in the field of electronic equipment, highly simplified units and further intelligent solutions ensure high application dependability and render the Duomatic C-series the leading scouring suction machine in the compact construction class.

Design

Art.-Nr. 50.100	Duomatic C60 E	Basicversion
Art.-Nr. 50.101	Duomatic C60 EM	Basicversion
Art.-Nr. 50.102	Duomatic C60 B	Basicversion
Art.-Nr. 50.103	Duomatic C60 BM	Basicversion

Art.-Nr. 52.291	Poly-Pad red 307
Art.-Nr. 52.292	Poly-Pad blue 307
Art.-Nr. 52.293	Poly-Pad green 307
Art.-Nr. 52.294	Poly-Pad black 307
Art.-Nr. 52.410	Microsol Fibre-Pad

Advantages of Wetrok Duomatic C60

- New range of application of 60cm
- Theoretical surface power up to 3000m²/h
- Maximal duration of application of 3 hours per battery charge (100Ah/24V)
- Extremely low noise operation: application also possible in sound sensitive areas, day or night
- Excellent cleaning results
- Self-drive adjustable
- Long jut out of the brush cubicle (for cleaning under heating devices)

Further advantages of the Duomatic C-series

- Wetrok FSS TM (Floor Security System): thanks to intelligent technology, floor damage by erroneous operation are avoided right from the beginning by the drive version (BMA, BA)
- Long duration of application per tank filling (57 l- membrane tank): up to 1.5 hours
- Extremely low noise operation: application also possible in sound sensitive areas, day or night
- 2-year-guarantee: long-run tests, high-fidelity units and innovative conversion define a particularly high standard of quality
- Easy service: easy and therefore reasonably priced service, since components are easily accessible and they are replaceable without application of specialised tools
- 10 years guarantee on availability of spare parts
